

ON-DEMAND DATA & ANALYTICS

Are your background checks achieving your goals in a cost-efficient manner? How do pre-employment screening outcomes vary across the organization? Where do you face challenges that could impede hiring success?

When you need answers, turn to Asurint Insights™ for actionable data. With Asurint Insights, you access comprehensive data about your pre-employment screening program, organized to drive your decision-making. Customized dashboards present information in easy-to-understand charts, tables and graphs. And powerful analytics empower you to uncover efficiencies and meet growth-focused talent acquisition targets.

IT'S YOUR DATA. VIEW AND ANALYZE IT YOUR WAY.

Extensive Information

- Background check turnaround times →
- Spend data →
- Branch utilization rates →
- Candidate fail rates by location →
- Trend information →
- And more! →

KEY BENEFITS

In-Depth Analysis

Collaborate with Asurint's data experts to create custom dashboards to access the data you value most and analyze it in granular detail.

Interactive Map

View an interactive state map for a 30,000-foot view and then drill-down into location-specific details, such as order volumes and turnaround times.

Meaningful Outcomes

Not just data—insights. Understand your background screening program so you can budget effectively, maximize efficiencies and support growth.

Asurint is innovating the background screening industry. Our powerful, customizable technology—backed by subject matter experts and personalized assistance—helps employers hire the right candidates every time, and faster than ever before.
